It's hard to believe that we have now been in residence 15 months – where did that time go? On buying Château de Saugé we began a huge restoration project which is being followed by Channel 4 UK TV Escape to the Chateau DIY – screened in October 2019 Series 3 Episodes 11-15 and we are now filming the next Series.

The plan has always been to make this our full-time home and to restore this beautiful old place back to its former glory and become a thriving part of its locality once again. It is, however, imperative it also makes income to allow us to continue its restoration.

The Vintage Tearoom is the first income generating area which we hope will become a cherished part of its community and indeed the Department and people will come specially to enjoy our Traditional Afternoon Teas. We intend to extend this to include our branded shop items as well as an Arts & Crafts Shop which will showcase many of the talented locals works i.e. Art, Pottery, Jewelry, Photography etc Should you wish your own works to be included please get in touch. We will begin to include items in our Tearoom with our Shop hopefully opening around Spring.

We have also agreed to sell Premium Teas (Alveus Tea) as well as serve them in our Tearoom – these should be going up for sale soon.

Jazz & Curry Night – Friday 13 March from 7pm

Enjoy a Curry with Rice & Naan followed by a Dessert with a little bit of Jazz from our singing waitress Liz. We include a glass of House Wine for only Euro 16 per person. Places are limited so don't delay....book now.
